Each exhibitor will be assigned a designated area in the strong / storage rooms for putting the container. Exhibitors may only deposit their containers in the designated area.

Cost

Use of the strong / storage room is free. However, the area allocated for each exhibitor will be subject to the availability of space. Exhibitors should select precious jewellery exhibits for the storage.

Please note that the applications to use the Overnight Storage Facility, are handled on a first-come-first-served basis. No exhibits can be deposited or withdrawn beyond the time schedule stated above. No exhibits can be kept in the Overnight Storage Facility during the exhibition opening hours as the room will be closed.

5.2. Exhibitors' Responsibility on Security Measures

All exhibitors using this storage facility should be reminded that they should take up all the risks, including loss and damage to their jewellery, resulting from the usage of the overnight storage facility. To ensure smooth Internet access during the fair period for business usage that requires stable connection (such as website demonstration, download of multimedia files, remote access to company server, etc.) throughout the Fair, exhibitors are advised to order a dedicated Broadband Line inside your booth, instead of relying on the Wireless LAN service provided by HKCEC (Please refer to **Form 5** in the "Order Forms").

All exhibitors are kindly reminded that the free Wireless LAN service operated by HKCEC intends only for light and causal usage by a limited number of users simultaneously.

The wireless connection may fail or become slow and/or unstable during the fair period, and the logged in device will be disconnected from the Service if there is a prolonged idle time of 240 minutes.. As an alternative to the free Wireless LAN service, broadband connection will be set up by HKTDC in designated areas of the Fair for both exhibitors and buyers. Exhibitors are advised, if needed, to rent their own Wi-Fi router or pre-paid sim card for the use of e-payment devices that do not support broadband line connection.

If you encounter any problem with the Wireless LAN service onsite, please approach the Fair Management Office set onsite for assistance.
